- We will supply 11 cribbage boards and decks of cards but if you have board and deck of cards on your Tolly, please feel free to bring it.
- No crib partner on your Tolly? That's okay, we'll find one for you!
- New to cribbage? No worries, this is a fun tournament, and all skill levels are welcome!

General Guidelines

- This is a fun tournament!!! No Muggins, help others with counting (if requested), no skunks and generally have a great time playing crib with friends
- To speed things up, we'll play to 61 points.
- NO TABLE TALK!!!

Rules

1. Rounds begin with each player cutting a card from a shuffled deck. If two or more players cut cards of the same rank, each draw again. The player with lower card deals the first hand.
2. Each player is dealt 5 cards and throws one (1) to the crib. If it is your partners crib, you may want to throw them a good card to help give them a good crib. Every point you or your partner scores goes towards your team total. In pegging, the play moves clockwise and skips over players that are out of cards.
3. All other general cribbage rules apply.

Tournament Play

1. Before play starts, teams will assigned as "Stay" or "Move". "Stay" teams will remain in place during the tournament while "Move" teams will rotate to the next table when their games are complete.
2. Scoring: 3 points for each win. Please include the score from each game – point differential will be used in case of ties.
